Services and support for seniors, disabled adults and caregivers

We Have a Special Request and Need Your Support!

After 16 years of providing specialized programs and services, the chairs our participants use each and every day are in great need of being replaced. Our Physical Therapist will be coordinating with the Center to select the most ergonomic design necessary for posture, movement and to optimize overall performance and comfort for our participants. It is necessary for us to purchase chairs that are easy to get in and out of to maximize safety throughout the day.

The Center is looking to purchase at least 85 chairs and would dearly appreciate any donation or contribution you can make to the Center.

Your contribution can be made payable to Irvine Adult Day Health Services for our Chair Replacement Fund.

Thank you for helping the Center make our Seniors as safe and comfortable as possible!

Thank You Take A Chance For Seniors Silent Auction & Opportunity Drawing Contributors For Helping Us Make A Difference!
